### Methodology

---

The developed game-based learning method is a combination of **3 elements**:

- ✓ **High quality content** equivalent to a two-day on-site course, with a strong practical focus that is useful and directly applicable to the work
- ✓ The **use of gamification techniques** in terms of story telling, ranking motivation, scoring, different learning and game levels, and incentives through recognition and awards. This makes the training a motivating and exciting learning experience. This directly promotes the intrinsic motivation to learn on your and your employees' side.
- ✓ **Practical exercises** that allow you as a participant to practice directly in a safe and motivating environment and to implement the practical knowledge. You will **receive detailed feedback** in the form of individual learning loops.

### How do you make it work? What are the IT requirements?
