Learn the most important skills for success in achieving goals

Gamification Storyline:

In this Serious Business Game Training you assume the role of Gabriela. Gabriela is a young musician. She has always dreamed of being the first chair violinist for Vienna's most prominent orchestra. Yet, entangled by doubts, she has long regarded this ambition as an unattainable feat. Camila, her teacher empowers Gabriela to shape a vision for her future and helps her set clear goals. Gabriela crafts a roadmap toward her ultimate goal. In doing so, she learns to break down the big goals into more achievable sub-milestones.

Camila assumes the role of a guiding compass, offering not only sage advice but also invaluable life lessons. With the help of her teacher Camila, Gabriela will learn to turn her wishes into goals. She will do everything in her power to make them a reality.

Methodology

The developed game-based learning method is a combination of **3 elements:**

✓ **High quality content** equivalent to a two-day on-site course, with a strong practical focus that is useful and directly applicable to the work

✓ The **use of gamification techniques** in terms of story telling, ranking motivation, scoring, different learning and game levels, and incentives through recognition and awards. This makes the training a motivating and exciting learning experience. This directly promotes the intrinsic motivation to learn on your and your employees' side.

✓ **Practical exercises** that allow you as a participant to practice directly in a safe and motivating environment and to implement the practical knowledge. You will **receive detailed feedback** in the form of individual learning loops.

How do you make it work? What are the IT requirements?

1. **The only thing you need** to use this business game training is an end device with internet access.
2. You can **access our performance-optimised business game platform** at any time, from anywhere in the world via your individual user profile or integrate the business game training into your LMS (Cornerstone, Moodle, SAP Success Factors, etc.).
3. You will receive regular reports on the progress of your participants and training groups. This allows you to always keep an overview and motivate your teams in a goal-oriented manner.
